

LEDGLS 12WES

12W 2700K Warm White

Quicklink: Q4F97

ES LED 12W is designed as a direct replacement for halogen ES lamps. It has a comparable light output and beam spread to its incandescent and halogen equivalents but is up to 80% more energy efficient and has a far greater life span. The LED technology used in this lamp give it the comparable benefits of being entirely mercury free, producing little or no heat and having no ultraviolet or infra-red light in its output.

General

Cap ES / E27
Construction Aluminium / Plastic

Dimmable Yes
Operating Temperature -30°C - +40°C

Electrical

Energy Efficiency Rating A+
Maximum Wattage 12W
Voltage 240V

Light Characteristics

Colour Rendering Index 80
Colour Temperature 2700K Warm White
Lumens 1055 lm
Lumens Per Watt 88 lm/W
