3000K Warm White

The **LED Ice Spike** range of fittings are a stylish way to accentuate areas of your garden. The **LED Ice Spike** emits a warm light ideal for highlighting areas of your garden, accent lighting to trees and bushes or mood lighting in a flower bed or garden fence. The plug and play nature of this fitting makes this product easy to install.

The Hooded Ice Spike has a dome for lighting downwards and anti glare. This dome will negate the effects of light pollution

Fitting is made of oxidized aluminium with an oxidized paint coating for an attractive but also weatherproof and dustproof finish.

The only drivers compatible with these products are the **LEDHOOD TF12/20**, and the **LEDHOOD TF12/60**, and the **LEDHOOD TF12/80**

this product is AC
