### General

Cable Colour	Black
Colour	Black
Dimmable	No
IP Rating	IP65

### Dimensions

Cable Length	3m
Depth	70mm
Height	340mm
Width	255mm

### Electrical

Maximum Wattage	100W
Voltage	240V

### Light Characteristics

Beam Angle	10°
Colour Temperature	3000K Warm White
Lumens	10830 lm
Lumens Per Watt	108 lm/W

The **LED Projector** is a super bright LED floodlight capable of lighting large outdoor structures. The projector has a brightness of 10830 lumens with 45 LEDs, bright enough to illuminate any large structure or tree.

A beam angle of 10° providing you with a narrow illumination range to pinpoint your desired focal point with a range that exceeds 30m. 10° is ideal for lighting tall trees, pillars or between windows on large buildings.

With an IP65 rating, this floodlight can be used in any outdoor setting.

It comes with a metal bracket on the body, allowing you to wall-mount or ground-mount the projector.
