

Emergency Pack Constant Current

Constant Current LED Emergency Pack
3W - 80W

EM NLP1TP40

3W - 80W
Quicklink: Q519E

General

IP Rating	IP20
Battery Life	3 hrs
Emergency Type	Maintained

Dimensions

Battery Length	94mm
Height	22mm
Length	231mm
Width	33mm

Electrical

Amperage	100mA, 2000mA
Input Voltage	230V
Maximum Wattage	80W
Minimum Wattage	3W
Output Voltage	Drivers with 6 - 55 Volts
Voltage	240V

The EM NLP1TP40 is a 3-hour emergency lighting conversion kit which operates with Long Life LiFePO4 batteries. The unit is designed to suit an extremely wide range of LED constant current circuits. The NLP/1/TP40 automatically adjusts the output LED current to provide the best match between the battery and the load, providing maximum illumination whilst ensuring full battery duration. The batteries used with this unit not only provide double the life of traditional emergency lighting batteries but consume far less power during their operational life.

Caution: Any product is not linked to this Kit must be tested to confirm 3hrs duration Test
