The **Borgo 90** is a recessed light that is designed to be installed at low levels on walls for effect and highlight lighting. It incorporates a 4.1 watt Luxeon 3000K warm white LED for reduced energy consumption and maintenance.

Constructed from stainless steel and finished in stainless steel. The plate depth from the wall is 2.5mm. Detailed installation instructions are available on the downloads tab.

This fitting is mains voltage with a driver incorporated in the fitting. It is also mains dimmable.
