The **Trimless Connect Downlight** is a fully adjustable fire-rated downlight. The trimless downlight is plastered in to the ceiling, to give a seamless effect. It has a curved recess giving a softer look. The spotlight fitting is interchangeable with the downlight's rings.

Trimless Connect Downlights have been designed with outer grids which connect together. This means you can create precise arrangements with the downlights easily. From a simple double downlight, to a row of downlights, to creating more complex arrangements like circles.
