Flat Plate Horizon Polished Chrome

Horizon Square Dimmer Switch Multi-Dim Master

4 gang 250 watt multi-way Polished Chrome

MRPCDSW4/MM

4 gang 250 watt multi-way Polished Chrome

Quicklink: Q56FA

General

Colour	Chrome
Construction	Polished Stainless Steel

Dimensions

Length	86mm
Plate Depth	1.5mm
Width	146mm

Electrical

Maximum Wattage	250W
Voltage	240V

The superior quality of the **Horizon faceplate style** has been designed to suit both traditional and contemporary interiors. Produced with square corners, it features **trimless switches** for exceptional product reliability. To ensure design uniformity throughout a project, non-standard accessories can be made to suit requirements.

Non-standard accessories can be made to ensure design uniformity throughout a project.

The **Multi-Dim Dimmers** are suitable for 1-way or Multi-way dimming and switching. Use 1 master dimmer with any number of the slave dimmers to allow dimming from multiple different positions.

Features

- Minimum load down to 3W of capactive or resistive load, such as dimmable LEDs, incandescent, MV Halogen / LV Halogen with electronic transformers.
- Lamp soft-start operation, to extend the lifetime of the lamp.
- LED backlight to indicate the dimming mode.
- User setting for minimum level dim
- Built in short circuit protection protection, designed to ensure the dimmer can survive in case of faulty wiring or load failure.
- Built in resettable thermal cut-out to protect the dimmer.
- Complies with IEC EN60669 and international safety standards.
