Light has many functions, not least of all in the bathroom. That is why lighting design is not just about selecting the best design but is just as much about finding the right solution. S12 is a tiltable LED light, designed for the bathroom, and created to provide the right light around the sink and mirror - both diffuse and direct. Design by Bønnelycke MDD.

**Please note:** these lights are not suitable for installation in the shower area.

**Coming Soon - Available 2023**
