The **Prem-I-Air EH1795 16-Inch Pedestal Fan** is a reliable and efficient cooling solution for homes, offices, and small commercial spaces during summer hot weather. Designed for optimal air circulation and cooling, this fan features a 40 cm (16") blade diameter, delivering consistent airflow across a wide area.

Equipped with three speed settings, an oscillating function, and adjustable height and tilt, this fan allows you to customize airflow direction and intensity to suit your comfort. Its modern design, quiet operation, and sturdy cross-foot base make it ideal for both daytime and nighttime use.

Minimal assembly is required, and the fan is supplied in a robust 5-ply carton for safe transport and storage.
