The new **Lenzo Spotlight** features a sleek and simple integral design, with no visible screws or driver box, resulting in a clean and sophisticated aesthetic. This lighting fixture kit features the Global Trac Pro Fix-Point Mono Spot, which allows you to plug a fitting directly into the base of the Mono Spot, turning it into a powerful spotlight.

The Lenzo's high-quality lens produces extremely precise light beams that can be easily adjusted from 18° to 50°, giving you complete control over the lighting in your space. Plus, its on-board slider dimmer at the back of the fitting allows for easy and convenient dimming.
