Debox Mini, the first 4 pole inline junction box that fits into a 40mm aperture while still providing ample cable management space. The ideal solution for compact installations.

Debox SM Mini is supplied ready for use with all components included, including the terminal block. This makes connection simple and easy, saving you time and hassle during installation.

Despite its compact size, Debox SM40 offers generous cable management space, making it a versatile solution for a wide range of applications. It is also incredibly lightweight and portable, making it easy to transport and install. The Debox SM Mini is the most compact 4 pole junction box available, with a volume that is only 50% of the Debox S.
