Quicklink: Q640C

General

Colour	Black
Construction	Aluminium
Dimmable	Yes
IP Rating	IP20
RAL Colour Code	RAL 9005

Dimensions

Diameter	60mm
Height	229mm

Electrical

Maximum Wattage	15W
Voltage	240V

Light Characteristics

Beam Angle	15,50°
Colour Rendering Index	90
Colour Temperature	3000K Warm White
Lumens	1000 lm
Lumens Per Watt	67 lm/W

The new **Lenzo Track Light Spotlight** enhances the Sylvania track spot range with a simple and slick integral design fixture, with no driver box, no visible screws and a full flexible beam angle setting. The Three Circuit Track Light fixtures emit extremely precise light beams due to the high-quality zoom lens, which can be set from 15° to 50°.

Dimmable with on-board slider dimmer (ultra low flicker rate) at the back of the fitting.

Three circuit track lighting is a versatile and flexible lighting system commonly used in commercial and residential spaces. The singularity of this lighting track system is that each of the three circuits can be wired and controlled independently, allowing you to have different lighting configurations in the same space. This means you can have multiple sets of lights on the same track, each set with its own switch or dimmer control.
