70W (14 W/m) RGB 3000K Warm White
Quicklink: Q65AD

General

Construction Plastic
IP Rating IP20

Number of LED's 560 LED/m

Dimensions

Cut Length 100mm
Height 2mm
Length 5m
Width 12mm

Electrical

Maximum Wattage 70W (5 x 14W)
Voltage 24V DC

Light Characteristics

Colour Temperature 3000K Warm White
Watts Per Metre 14 W/m

LED Strip Light Tape COB RGB + 3000K Seamless (12mm width) has no visible dots, producing our most seamless line of light yet.

LED Flexile Light Strip is a versatile light source with a wide range of uses that can be either decorative or functional. Easy to install with pre-fitted double-sided backing tape and can be cut to a specific length.

Anything from a short linear run of light for under cabinet or plinth lighting, shelving or back lighting mirrors to large scale applications such as low level lighting in corridors, dropped ceilings, cove lighting, doorways, handrails and staircases can be achieved. A wide range of extrusions and diffusers are available to suit any location and produce different effects. For example a continuous, seamless line of light can be created when mounted in Maxi extrusions combined with Liger diffusers.

LED Light Strip Totally Seamless is a high powered 14W per metre strip light powered by 24V. It carries an IP20 rating making it only suitable for indoor use.

The 5 metre LED tape is pre wired with a power cord and it can be cut every 100mm.
