Cable Length	1500mm
Height	29mm
Width	16mm

Versatile **Fastener Suspension Set** designed for hassle-free installation and adjustment of LED lighting profiles. The set includes a 1.5m wire, providing flexibility in lengthwise suspension. Lifting capacity: 15 kg

Easy installation options include mounting to the surface with selected screws or attaching it to the lighting fixture using a small lock. The wire securely hooks into the ceiling plug with a crimp and can be conveniently adjusted at the fitting using a block. Simplify your lighting setup with this comprehensive suspension solution.
