Electrical

Maximum Wattage	25W
Voltage	24V

The **Sparkle Net 24V** has a total of 84 lamps on black netted cable. Comes with an 150W transformer as well as a 6 way connector, allowing up to 4 additional add-on sparkle nets to be added on one continuous circuit (available separately). An 8 function chase controller is also included.

Sparkle Nets are the ideal light to use for window displays, buildings or any three dimensional shapes.

These lights have a round 2 pin plug. They will require either wiring to a 13A UK mains plug or using an adaptor
