Victoria Wall Light is a double-tiered LED wall light that radiates sophistication with its lavish gold finish. Adorned with intricate lattice-patterned crystal glasses boasting delicately scalloped edges, this wall light is a testament to timeless elegance and impeccable craftsmanship.

Illuminate your space with a captivating display of light and shadow, as the interplay between the LED illumination and crystal embellishments creates a mesmerising visual spectacle. Whether adorning a hallway, bedroom, or living area, this wall light exudes opulence and charm, elevating any interior with its understated glamour.

Practicality meets style with the dimmable feature of this wall light, compatible with trailing-edge dimmers for seamless control over brightness levels. From intimate gatherings to formal occasions, tailor the ambiance to suit your mood and setting effortlessly.

Indulge in the allure of this exquisite wall light, where every detail speaks of luxury and refinement. Make a statement in your home with this timeless piece that embodies the perfect blend of functionality and aesthetic appeal.
