50W (5W/m) | 2700K Warm White
Quicklink: Q6727

General

Construction	Plastic
Dimmable	Yes
IP Rating	IP20

Number of LED's 528 LED/m

Dimensions

Cut Length	45mm
Height	2mm
Length	10m
Width	5mm

Electrical

Maximum Wattage	50W (10 x 5W)
Voltage	24V

Light Characteristics

Beam Angle	170°
Colour Rendering Index	90
Colour Temperature	2700K Warm White
Lumens	4600 lm
Lumens Per Metre	460 lm/m
Lumens Per Watt	92 lm/W
Watts Per Metre	5 W/m

LED Tape COB Seamless 5MM 10M reel has no visible dots, producing our most seamless line of light yet.

LED Tape is a versatile light source with a wide range of uses that can be either decorative or functional. Easy to install with pre-fitted double-sided backing tape and can be cut to a specific length.

Anything from a short linear run of light for under cabinet or plinth lighting, shelving or back lighting mirrors to large scale applications such as low level lighting in corridors, dropped ceilings, cove lighting, doorways, handrails and staircases can be achieved. A wide range of extrusions and diffusers are available to suit any location and produce different effects. For example a continuous, seamless line of light can be created when mounted in Maxi extrusions combined with Liger diffusers.

LED Tape Totally Seamless is a high powered 5W per metre strip light powered by 24V. It carries an IP20 rating making it only suitable for indoor use.

This Flexible LED Tape COB is pre wired with a power cord. To wire a new powercord and be able to join two tapes together you should cut the powercord and wire the ew one to the back of the tape. This LED tape can be cut every 45mm.
