Amperage 13A

The superior quality of the **Horizon faceplate** style in antique bronze has been designed to suit both traditional and contemporary interiors. Produced with square corners, it features trimless switches for exceptional product reliability. To ensure design uniformity throughout a project, non-standard accessories can be made to suit requirements.

Please note: Bronze finishes may vary from the images shown. Natural batch variations may result in tones that appear lighter or darker than those displayed on our website.
