### Dimensions

Cut Length 2m

Neon Ropelight 3 wire 13mm Diameter 240V is compatible with all 13mm 240V optional and required accessories. This product is only available in 2m cuts.

This product is widely used in the illumination and decoration of the outlines and patterns of buildings. It is flexible, unbreakable and pressure resistant and can be cut, extended, twisted and formed into any imaginable design.

This version of Neon Ropelight is capable of creating a chasing effect when used in conjunction with a controller (available separately).

Please note that **Neon Ropelight** can only be cut where the silver dot appears on the tube. This means that this product can be cut every 2m.

When mounting **Neon Ropelight** we recommend using our Neon Ropelight mounting clips.

**Please Note:** Once Ropelight is cut cannot be returned.
