Quicklink: Q6C2D

General

Construction	Plastic
IP Rating	IP20

Dimensions

Cut Length	20.8mm
Height	2mm
Length	20m
Width	8mm

Electrical

Maximum Wattage	200W (20 x 10W)
Voltage	24V

Light Characteristics

Colour Rendering Index	90+
Colour Temperature	3000K Warm White
Lumens	21860 lm
Lumens Per Metre	1093 lm/m
Lumens Per Watt	109 lm/W
Watts Per Metre	10 W/m

LED Light Strip COB 8mm has no visible dots, producing our most seamless line of light yet.

LED Flexible Tape Light Strip is a versatile light source with a wide range of uses that can be either decorative or functional. Easy to install with pre-fitted double-sided backing tape and can be cut to a specific length.

Anything from a short linear run of light for under cabinet or plinth lighting, shelving, or backlighting mirrors to large scale applications such as low-level lighting in corridors, dropped ceilings, cove lighting, doorways, handrails and staircases can be achieved. A wide range of extrusions and diffusers are available to suit any location and produce different effects. For example a continuous, seamless line of light can be created when mounted in Maxi extrusions combined with Liger diffusers.

LED Tape Totally Seamless is a high powered 10W per metre strip light powered by 24V. It carries an IP20 rating making it only suitable for indoor use.

Please note The maximum run for this tape is 5 metres (10 metres if powered from both ends).
