Illuminate your space with the sleek and modern **Scout GU10 wall light**. Featuring a sophisticated ribbed finish, this bi-directional light casts a warm, inviting glow both upwards and downwards, enhancing the ambiance of any room.

Perfect for contemporary interiors, the Scout wall light combines energy efficiency with stylish design, making it an ideal choice for hallways, living rooms, and bedrooms. The ribbed finish adds a touch of elegance and texture to your walls, while the bi-directional lighting provides balanced illumination.
