Lumens Per Watt	82 lm/W

The **Micro Recessed LED Unswitched** is a sleek and modern recessed wall light that is designed to provide focused and efficient lighting for a variety of tasks. One of the key features of this fitting is its adjustable head, which allows you to rotate the light to your desired position, ensuring that the light is directed exactly where you need it.

The light source for this fitting is a high-quality and energy-efficient LED, which provides bright and even lighting that is ideal for reading. The LED driver is conveniently enclosed in the base of the fitting, making installation a breeze. Simply wire the fitting to the mains and you're ready to use the fitting.
