The **Borgo Mini** is a recessed light that is designed to be installed at low levels on walls for effect and highlight lighting. It incorporates a 1 watt Luxeon 2700K warm white LED for reduced energy consumption and maintenance. This product must be installed before final plaster skim.

A 350mA driver is not included, please select the correct type for your application.

Many different LED power supplies are available that allow you to achieve more with your lighting. Simply select the correct wattage depending on how many total LED fittings it will be connected to.
