

## WISEIDDSW7 SB

Satin Brass 7 Channel  
Quicklink: Q6CFA

### General

Colour Satin Brass  
Construction Steel

Operating Temperature -10°C ~ +55°C  
Radio Frequency 868.3 MHz

### Dimensions

Depth 20mm  
Height 86mm  
Plate Depth 1.5mm  
Width 86mm

### Electrical

Replacement Battery CR2430  
Voltage 3V

The 1, 2 and 4 channel **Wise ID Switches** can be programmed to any of the channels on the Wise receivers. You can add up to 32 switches to the Wise receivers. This means there is no need for two way wiring as you can add another radio switch and place it where you like. You can program these switches to switch more than one Wise receiver.

The 7 channel switch can be used as a scene setting switch, a colour changing control switch, or as a regular switch able to control up to 7 independent circuits. This switch is compatible with every receiver within the Wise Controls range.

The battery life lasts up to five years.

### Key Benefits

- Compatible with all receivers
- Recessed against the wall
- Radio switches require no wiring
