Add a touch of modern elegance to your bedroom with the **Luca Matt black (WB579)** finish bedside wall light. Featuring a directional LED reading light and an illuminated backplate, this sleek fixture offers both style and functionality. Designed for focused nighttime reading and ambient accent lighting, it includes two integrated switches for easy control.

The non-dimmable LED provides consistent brightness, making it ideal for bedside use in contemporary interiors. With its minimalist design and practical features, the Luca LED wall light is a perfect addition to luxury bedrooms, hotel suites, and stylish guest rooms.
