Illuminate your outdoor spaces with the Astro **Dartmouth Double Outdoor Spotlight**, a sleek and durable lighting solution designed for modern UK gardens, patios, and pathways. Finished in textured black aluminium, this weather-resistant fixture combines style with functionality, making it ideal for garden lighting, outdoor wall lights, and landscape illumination.

With an IP44 rating, the Dartmouth spotlight is built to withstand the elements, offering reliable performance in rain and damp conditions. Its adjustable head allows for precise light direction, perfect for highlighting architectural features, garden plants, or enhancing security around entrances and walkways.
