

Three Circuit Track Lights

Panel CCT LED Adjustable Track Light 3 Circuit 38W 90° 5325lm
White Warm White 3000K - 3500K - 4000K Cool White

TK3SURF LTL-ADJW

White Warm White 3000K - 3500K -
4000K Cool White
Quicklink: Q6D43

General

Colour	White
Construction	Aluminum - Plastic
Dimmable	No
IP Rating	IP20
Weight	1.2kg

Dimensions

Length	1144mm
Width	61mm

Electrical

Maximum Wattage	38W
Minimum Wattage	11.3W
Voltage	240V

Light Characteristics

Beam Angle	90°
Colour Rendering Index	90
Lumens	5325 lm
Lumens Per Watt	140 lm/W

LTL TRACKLIGHT range—an ideal solution for modern commercial and architectural lighting systems. Designed for seamless integration with TEAR rails, these high-performance LED luminaires combine sleek aesthetics with outstanding energy efficiency, making them perfect for retail, office, and exhibition environments.

With a luminous efficacy of 140 lm/W, these fixtures deliver powerful illumination while minimizing energy consumption. A high CRI of 90 ensures accurate color rendering, essential for spaces where visual clarity and true-to-life colors matter.

Choose between 90° or 60° beam angles to suit your lighting design. The adjustable model allows light direction changes up to 45°, offering flexibility to highlight specific areas or displays. For a clean, uninterrupted look, the minimalist version enables the creation of a continuous flat light line with no visible gaps between modules—ideal for contemporary interiors.

Each luminaire includes an adapter with DIPSWITCH controls, allowing easy customization of power output and color temperature (3000K, 3500K, or 4000K) without modifying the installation. This user-friendly feature ensures quick adjustments to suit different lighting needs and moods.

Key Features

- Power Consumption: 38W
- Luminous Efficacy: 140 lm/W - 5000(1WW)/5245(2WW)/5325(NW)
- Beam Angles Available: 90° (standard), 60° (optional)
- Color Rendering Index (CRI): ≥90
- Adjustability: Light direction adjustable up to 45°
- Colour Temperature Options: 3000K / 3500K / 4000K (via DIPSWITCH)
- Control Interface: DIPSWITCH adapter for power and CCT selection
- Application Areas: Offices, retail stores, galleries, exhibitions, architectural spaces
