Voltage	240V

Light Characteristics

Beam Angle	38°
Colour Rendering Index	92
Colour Temperature	3000K Warm White
Lumens	1000 lm
Lumens Per Watt	100 lm/W

Experience exceptional brightness and colour clarity with the **Super Focus GU10 LED Lamp**, designed for precision lighting in both residential and commercial environments. Fully dimmable, it offers smooth brightness control when paired with compatible dimmer switches, allowing you to create the perfect ambiance in any space.

Featuring a high CRI of 92, and a powerful 1000 lumens output from just 10W, this energy-efficient GU10 LED lamp delivers outstanding performance.

The high Colour Rendering Index (CRI 92+) ensures vivid, true-to-life colours—ideal for retail displays, kitchens, galleries, and task lighting where colour accuracy matters. Please note we don't recommend this lamp for fully enclosed fitting (i.e. outside fittings)

Perfect for accent lighting, ceiling fixtures, and display illumination, the Super Focus GU10 LED bulb combines flexibility, efficiency, and unbeatable colour rendering, making it a top choice for modern lighting solutions.

This lamp is an equivalent of the MR16 50W Halogen Lamp
