Experience exceptional brightness and colour clarity with the **Super Focus GU10 LED Light Engine**, designed for precision lighting in both residential and commercial environments. Fully dimmable, it offers smooth brightness control when paired with compatible dimmer switches, allowing you to create the perfect ambiance in any space.

The high Colour Rendering Index (CRI 92+) ensures vivid, true-to-life colours—ideal for retail displays, kitchens, galleries, and task lighting where colour accuracy matters.

Designed for low ceilings, this slim-fitting unit saves space and operates without a lampholder. The Super Focus Module 240V has 24cm of cable and doesn't require a driver.
