Enhance your bathroom with Aries, a stylish illuminated magnifying mirror that combines modern design with practical functionality. Featuring integrated LED lighting at 3000K warm color temperature, this mirror provides natural illumination for flawless makeup application, precise shaving, and detailed grooming. Its magnification feature ensures every detail is visible, making your daily routine easier and more efficient.

Crafted with an IP44 waterproof rating, this mirror is safe for use in bathrooms, offering durability and peace of mind. The sleek, classic design complements any bathroom décor, while energy-efficient LED technology guarantees long-lasting performance and reduced energy consumption. Perfect for creating a luxurious spa-like experience at home.
