### Electrical

Amperage	13A
Voltage	240V

The unique Screwless range consists of a 5mm clip-on front plate, which offers a stunning finish with no screws. The clip-on plate makes decorating easy. Simply remove the front plate before decorating and then replace afterwards.

A Fused Spur or Connection Unit is commonly used for powerful electrical appliances, such as washing machines, dish washers, extractor fans, hand dryers etc, that need to be installed without a plug. They are also used for electrical items that need to be installed on a separate cable from the ring main, for safety and maintenance purposes
