Quicklink: Q6DD5

General

Construction Aluminum

Dimensions

Length 2m

Minimum Depth 11.2mm

Light Characteristics

Beam Angle 30°

The MICRO-30DEG-KOZ Sleek LED profile with a 30° lighting angle, perfect for plasterboard installations. Its compact design avoids ceiling structure interference, while hidden aluminum elements create a seamless, modern finish.

- Application: main and decorative lighting
- Mounting: In drywall, with mounting adhesive
- In order to protect the lighting fixture during installation, a TECH-KA protective insert should be used
