Create captivating outdoor displays with the **Red & Green Laser Projector Light** — a high-impact lighting solution designed for gardens, patios, and festive events. This dynamic laser spike light projects red and green patterns across surfaces, transforming any space into a vibrant visual experience.

Featuring 16 motion pattern effects, including all types of Christmas patterns (from bells, gifts to Father Christmas) this projector offers a wide selection of lighting styles. Choose between single colour (red or green) or combined colour & patterns to suit your mood or occasion. Whether you're decorating for Christmas, hosting a party, or enhancing your landscape, this outdoor laser light delivers stunning results with minimal setup.

Includes a mains plug transformer for powering a single Laser Spike light.

Please Note: This transformer must be enclosed within a waterproof outdoor enclosure.
