

Time Lag Switches

3 Wire Electronic Time Delay Switch IP65
150W LED

MR. RESISTOR[®]
Lighting Specialist Est. 1968

DS3HDN

150W LED

Quicklink: Q6E4C

The Timeguard DS3HDN is a robust, weatherproof 3-wire electronic time delay switch designed for reliable lighting and heating control in both indoor and outdoor environments. With selectable run-on times from 2 minutes up to 3 hours, an IP65 rating, and a clear blue LED indicator, it offers convenient and energy-efficient timed operation for a wide range of load types.

General

Colour	Grey
IP Rating	IP65

Dimensions

Depth	57mm
Height	94mm
Width	94mm

Electrical

Amperage	16A

Key Features

- IP65 weatherproof rating
- Adjustable run-on time ranging from 2, 5, 10, 30, 60, 90, 120, to 180 minutes.
- 3-wire connection (neutral required)
- Blue LED indicator flashes 1 minute before switch-off
- Suitable for multiple load types including incandescent, fluorescent, low voltage (20–200W), and LED up to 150W.
- High switch rating of 16A resistive for powerful loads up to 4kW.
- Surface Mounted
- Energy-efficient (<0.8W standby consumption)
