The **Astro Minima Slimline Adjustable Round Downlight** brings refined, directional lighting to modern interiors with its clean, recessed design and matt black finish. Designed to sit discreetly within the ceiling, this downlight offers a minimalist aesthetic while allowing precise control over light direction—ideal for highlighting features or creating layered lighting effects in living rooms, bedrooms, hallways, and other dry areas.

With a fire-rated construction and IP20 rating, it ensures safety and compliance in residential settings where moisture protection is not required. The adjustable mechanism makes it easy to tailor the lighting to your space, while the included honeycomb reduces the glare.

Perfect for homeowners, designers, and contractors seeking a versatile and stylish lighting solution, the Astro Minima Slimline Adjustable Downlight combines performance, and understated elegance for contemporary living.
