Colour Temperature	3000K Warm White
Lumens	400 lm
Lumens Per Watt	80 lm/W

Marcellio is a sleek and modern solar-powered outdoor wall light that combines style, sustainability and convenience. Designed by Nordlux, this wireless wall light features an elegant curved silhouette and a built-in solar panel that charges naturally during the day. At night, the integrated motion sensor activates the light automatically when movement is detected, providing secure and energy-efficient illumination exactly when you need it.

The soft downward-facing light makes Marcellio perfect for entrances, garden paths, patios, garages or fence lines, offering both functionality and contemporary visual appeal. With no wiring required, installation is quick and hassle-free—ideal for enhancing your outdoor spaces with minimal effort.

Key Features:

- Solar-powered with built-in panel
- Motion sensor for automatic activation
- Modern curved design in a wireless format
- Downward light ideal for paths, entrances and fences
- Easy installation with no cables needed
- Energy-efficient and low maintenance
- Battery lasting time for each lumen : 400lm/1.5h; 40lm/11h
- Sensor range: 0-8m

Upgrade your outdoor lighting with Marcellio—where smart functionality meets stylish Nordic design.
