

LARKO END WHITE

White Square

Quicklink: Q6F0C

General

Colour	White
Construction	Plastic

Dimensions

Length	46mm
Width	23mm

The **Larko Surface Endcap** is used in conjunction with the *Larko Surface Extrusions*.

Its purpose is to seal up the furthest end of the extrusion to ensure small objects such as dust cannot enter the fitting to interfere with the electrical components inside.

Only 1 endcap is required for each circuit of Tapelight. This means that if you buy 2 x 2m of extrusion, you would only need an endcap on the final piece.
