Plug and Play Garden Light Configurator

Transform your outdoor space with the **LED Hood Large Outdoor Garden Spike Light Kit** , a premium landscape lighting system that combines high-end architectural style with directional precision. This complete kit features three powerful, adjustable 8W LED spike lights designed to highlight your property's finest features. With fully tilting heads, each fixture can be smoothly angled to suit your exact design requirements, making it effortless to cast dramatic up-lighting on trees, frame garden borders, or illuminate paths.

This plug and play garden lighting kit is engineered for safe, effortless DIY installation with absolutely no complex hardwiring required. Instead of hiring an electrician, this low-voltage system uses simple, prefabricated watertight connectors that easily click together by hand and plug straight into a standard outdoor socket, allowing you to set up all three lights in minutes.

The kit includes a premium WiseBox remote control receiver and wireless switch, allowing you to effortlessly operate your remote control spike lights from anywhere inside your home.

Kit Includes

- 3 x 8W LED Hood Spike Lights
- 1 x 80W Led Hood Driver 12V
- 1 x 3M 3 Point Led Hood Cable 12V
- 1 x Wise Box 1 Channel
- 1 x White Keypad
- 2m x Cable + 4m Conduit + 1 x Plug
