Plug and Play Garden Light Configurator

Transform your outdoor space with the 12V LED Ice Outdoor Garden Spike Light Kit, a sleek landscape lighting solution that combines architectural style with ultimate convenience. Crafted from heavy-duty, weatherproof oxidized aluminium, these fixtures bring professional-grade accent lighting to your trees, paths, and flower beds.

This plug and play garden lighting kit is designed for safe, effortless DIY installation with absolutely no complex hardwiring required. This safe 12V low-voltage system uses simple, prefabricated watertight connectors that easily click together by hand and plug straight into a standard outdoor socket.

the kit includes a premium WiseBox remote control receiver and wireless switch, allowing you to effortlessly operate your remote control spike lights from anywhere inside or outside your home
