Diameter	300mm

Electrical

Maximum Wattage	9W
Voltage	240V

Light Characteristics

Colour Temperature	2700K Warm White
Lumens	900 lm
Lumens Per Watt	100 lm/W

Designed by Pepe Fornas. Sculptural yet softly understated, Anza brings a quiet sense of luxury to any wall. A slender matt black steel frame cradles a richly veined marble form, crowned by a glowing alabaster disc that diffuses a warm, inviting light. The result is a piece that feels at once architectural and organic — equally at home flanking a bedside, lining a hallway, or framing a feature wall in a living space. Each marble component carries its own natural markings, ensuring no two pieces are ever quite alike. Choose from four marble tones to suit your interior, from crisp white through to deep, earthy green.
