Construction	Steel / Marble / Glass
IP Rating	IP20

Dimensions

Cable Length	3m
Diameter	100mm
Height	200mm

Electrical

Maximum Wattage	5W
Voltage	240V

Light Characteristics

Colour Temperature	2700K Warm White
Lumens	450 lm
Lumens Per Watt	90 lm/W

A jewel suspended above your table. Dalt pendant combines the warmth of aged gold metalwork with the organic depth of green marble, creating a luminous focal point that feels both precious and naturally grounded. The opal glass diffuser casts a gentle, shadowless glow that brings out the marble's subtle veining whilst the warm 2700K light pools downward, bathing diners and surfaces in welcoming luminescence. This combination speaks to refined taste—the aged gold suggests heritage and craftsmanship, while the green marble grounds the piece in nature. Hung singly over a side table, in pairs flanking a kitchen island, or in a series above a dining table, Dalt becomes a understated statement of intent. The light itself is soft and diffused, never harsh, making it ideal for spaces where atmosphere matters. An G9 LED lamp is included with the fitting.
