IP Rating	IP20

Dimensions

Cable Length	3m
Diameter	100mm
Length	3m

Electrical

Maximum Wattage	3W
Voltage	240V

Light Characteristics

Colour Temperature 2700K Warm White

Simplicity elevated. Oneta distils lighting design to its essence: a slender matt black stem supports a sculptural white marble form, cradling an opal glass diffuser that casts an even, ambient glow. At 3W, the included G4 LED lamp delivers elegant efficiency, creating a warm 2700K light that's soft and inviting without demanding attention. This is contemporary design with restraint—no unnecessary details, no visual clutter. The monochromatic palette makes Oneta a natural fit for minimalist interiors, Scandinavian spaces, and anywhere you value clean lines and material honesty. LED Lamp included with fitting.
