-------	-------

Electrical

Maximum Wattage	5W
Voltage	240V

Light Characteristics

Colour Temperature	2700K Warm White
Lumens	450 lm
Lumens Per Watt	90 lm/W

Statement in subtlety. Oneta in aged gold and black marble is a fixture that whispers rather than shouts—yet commands attention nonetheless. Mount it on a feature wall, either side of a mirror, or flanking artwork, and the interplay between warm metallurgic patina and deep stone becomes part of your interior narrative. The 5W G4 LED lamp delivers 450 lumens of warm 2700K light, bright enough for task lighting yet suffused with character. The touch dimmer on the stem puts brightness entirely in your hands—adjust from full illumination for reading to a soft glow for evening mood in a single gesture. The opal diffuser ensures light spreads evenly, without glare or harshness.
