The 3-in-1 Pedestal Fan (Model 72421) is a highly versatile, heavy-duty cooling solution built to adapt to your space. Featuring a striking, retro-inspired chrome finish and robust steel construction, it comes equipped with three interchangeable mounting options. This allows you to effortlessly transform it from a compact desk fan to a tall, oscillating pedestal floor fan, or mount it directly to a wall to clear up precious floor space. Powered by four steel blades and a reliable 3-speed motor, it delivers high-velocity airflow precisely where you need it most.
