Width	69mm

The Niglon Hurricane H-BWS132HSE is a durable IP66-rated 2 gang empty enclosure designed to accommodate any standard 2 gang wiring accessory. Featuring a robust UV-resistant black housing, lockable cover, and eight 20mm knockouts for flexible cable entry, it provides reliable protection against dust and water ingress when the lid is closed. Ideal for outdoor, commercial, and industrial installations where a weatherproof solution is required.
