This dimmable LED MR11 lamp is an energy-efficient replacement for traditional 20W low-voltage halogen lamps, delivering a warm 2700K light ideal for accent, display, and decorative lighting applications. The narrow 36° beam angle provides focused illumination, making it particularly suitable for highlighting artwork, merchandise, architectural features, and display cabinets.

With a GU4 base and 12V AC/DC operation, this LED lamp offers a quick retrofit solution with no rewiring required. Producing 184 lumens and featuring a high CRI of 90+, it delivers excellent colour accuracy while consuming just 2.8W of power. The long 25,000-hour lifespan helps reduce maintenance and replacement costs compared to traditional halogen lamps
