

WAGOBOX 207-3323

White 4 mm² Connectors
Quicklink: Q7060

General

Colour	White
Construction	Plastic

Dimensions

Depth	65mm
Height	28mm
Width	145mm

Designed to house WAGO connectors securely, this versatile enclosure provides a neat and professional solution for joining cables in lighting, power and general electrical installations. Its generous internal space makes wiring quicker and more organised, while the robust construction helps protect connections from accidental damage. Ideal for both new installations and maintenance projects, the WAGOBOX Pro is a practical choice for electricians and DIY users alike.
