Dimensions

Cut Out	91 x 91mm (Length x Width)
Depth	44mm
Height	100mm
Width	100mm

Electrical

Maximum Wattage	20W
Voltage	12V

The Aqua Low Level is a low level light fitting that is also rated IP44, making it suitable for use in bathrooms.

The fitting takes a G4 12 volt capsule lamp, with non-dimmable LED options available.

The Aqua low level is wired in parallel, and the driver chosen should be rated higher than the combined wattage of the number of LED lamps being used.

Can be used to light indoor walkways, stairs and corridors. The DH2226 comes complete with a back box for mounting in masonry or plaster walls.

Please note: This fitting cannot be installed outside. These fitting require a 12V LED Driver, when using the LED G4 Lamp
