

Fluorescent T5

Fluorescent T5
2700K Warm White 13W

FL13 827

2700K Warm White 13W
Quicklink: Q1457

General

Cap T5
Construction Glass

Dimmable Yes

Dimensions

Diameter 16mm
Length 525mm

Electrical

Energy Efficiency Rating B
Maximum Wattage 13W

Light Characteristics

Colour Temperature 2700K Warm White
Lumens 850 lm
Lumens Per Watt 65 lm/W

Fluorescent T5 lamps come in a smaller size than T8 fluorescent lamps and provide big lumen output for visual comfort and performance. With many wattages to choose from, you can either maximise your lumen output or your efficiency. The quality, along with their outstanding energy efficiency, make them ideally suited for lighting large open areas such as offices, public buildings, warehousing, industry and supermarkets.

This lamp is 525mm in length from pin to pin.

Lamp Features

- 38% less glass and phosphors than T8 lamps which means reduced waste in landfills
- Lead free product
- Low mercury content
- Less lamps are needed to maintain same lumen output due to the high output design
- ROHS compliant and contains recyclable components
