

MR16 Halogen

Reflektó Halogen MR16
20W 36°

M269B REFLEKTO

20W 36°

Quicklink: Q1556

General

Cap	GU5.3 / MR16
Construction	Clear Glass
Dimmable	Yes

Dimmable Yes

Dimensions

Diameter	50.7mm
Length	44.9mm

Electrical

Voltage	12V
---------	-----

Light Characteristics

Beam Angle	36°
Colour Temperature	2900K Warm White

The **Reflektó Halogen MR16** has a reflective aluminium coating applied to the inner surface of the lamp. This reflects heat and light away from the light fitting both protecting it and increasing its efficiency.

Low voltage halogen lamps produce a clean and crisp light versatile enough for a variety of applications but particularly suited to display lighting due to their close to natural colour rendering.

The **Reflektó Halogen MR16** lamp is fully dimmable.
